Saurabh Dorle

Pune, MH, India • sdd.saurabhd@gmail.com • Linkedin • Book • GoogleScholar

Lead Data Scientist with **7+ years** of **experience** delivering **AI-driven** business solutions across **Machine Learning**, Deep Learning, NLP, and **Generative AI**. Expert in architecting **end-to-end** ML and **MLOps pipelines** that drive **efficiency** and ROI. **Author** of *"Ultimate MLOps for Machine Learning Models"* and published **IEEE researcher**. Holds an **M.Tech** in Machine Learning, with strong expertise in **GenAI**, predictive modeling, scalable AI systems, and **production-grade** model **deployment**.

Skills

Python, SQL, Keras, Tensorflow, Data Analytics, Visualization, Statistics, Machine learning, Deep Learning, Natural Language Processing, GenAI, LLMs, Git, AWS - S3, EC2, Lambda, GCP – Big query, Cloud run, Composer, Apache Airflow, VertexAI, MLflow, Docker, CI/CD, Kubernetes

Experience

VODAFONE, Pune Mar 2022 – Present

Lead Data Scientist | *Mar 2024 - Present*

- Delivered **enterprise GenAI solutions**—including RAG-based **QnA** bots, Java code-**optimization agents**, and **NL-to-SQL systems**—**cutting** manual search and development **effort** by **70–80%** and **saving 50+** engineering **hours** monthly.
- Built **automated** ML **pipelines** with drift detection and outlier correction while **architecting scalable** MLOps frameworks for **deployment** and **real-time decision** workflows, improving accuracy to 90% and **optimizing** resource utilization by **30%.**

Sr. Machine Learning Engineer | *Mar 2022 – Feb 2024*

- **Architected** and developed end-to-end data **solutions** (predictive modeling, clustering), achieving **$400K annual savings**.
- Developed reliable **MLOps** pipelines for **automated** training, deployment, and data/model scaling.
- Created an **LLM**-based QnA system, **reducing** information retrieval **time** and improving team productivity.

Author, OrangeAVA Publications Dec 2023 - Aug 2024 (Part Time)

- **Authored** a comprehensive **MLOps** book covering end-to-end ML lifecycle, **designing** the complete structure and **writing** detailed **chapters** on pipelines, deployment, monitoring, governance, and scalability.

NEXTBEE, Remote Dec 2019 – Feb 2022

Sr. Data Scientist

- Designed and **implemented** end-to-end **solutions** (segmentation, forecasting) to **enhance** user engagement by **35%.**
- **Delivered** actionable insights, driving data-driven decisions and **7%** revenue **growth**.
- **Automated** data and model **scaling** with MLOps best practices for **efficiency** and scalability.

FREELANCE, REMOTE Nov 2018 – Nov 2019

Data Science Consultant

- **Developed** data-driven solutions using predictive **modeling**, audio analysis, and data analysis, **enhancing** movie broadcast reach by **6%**. Built and **deployed** a topic modeling module on **GCP** to extract key topics from text data.

Education

Master of Computer Engineering(Specialization in Machine Learning)|Maharashtra Institute of Technology| Pune University
Bachelor of Computer Engineering | Pune University

Publications

Book: Ultimate MLOps for Machine Learning Models, OrangeAVA - 2024

Papers: Political Sentiment analysis Through Social Media, ICCMC 2018 (IEEE)**,** Political Sentiment Assessment through Social Media, PuneCon 2018 (IEEE), Sentiment analysis Methods and approach:Survey", IJICSE, 2018

Additional Information

Awards: Top performer award, Vodafone - June 2023**,** Star performer award, Vodafone - Feb 2023**,** Received best research paper award, IEEE - Dec 2018

Certifications: Natural Language Processing Specialization, Coursera - May 2021
